"The Ankh is the Key of Life. Pyramids with the light behind them and the Ankh suspended over the top of the main pyramid, they go together you see.

There is an Ankh in the invisible realms of the cosmic that is very large that comes down and sits on the top point of here. From there it rotates and the pyramid also rotates. They rotate in opposite directions....."

"I am showing her (Madalyn as she channels these messages) a picture of when we were all on the barge coming down the Nile with the big fans keeping us cool - is such a lovely time, exquisite people, magnificent clothing, wonderful, wonderful, wonderful mystery school secrets, fabulous teachings. Every one of my priestesses were multi-dimensional beings, you see.

## MESSAGE FROM THE COUNCIL OF ORNACK

"We are many and we like for you to start educating the people about us. We are all part of Source energy. You are, we are, everything is. This small book will discuss briefly who all will be introduced and we will add others as you grow.

"There are many avenues that we can reach the human race. We are all from another grouping of stars and the human race as it is known today is no exception. The only difference between the humans and us is that the humans, most of them, had forgotten. We have not, you see, and we are to awaken and remind humanity of their power, abilities and their beginning. Little is known of humanities beginning but we know all of it. We were there and we helped to motivate each one of you to come into form. It was a beautiful thing to watch and it still is a beautiful thing as we look upon you today.

"It's all on how you focus on something that makes it beautiful or imperfect. It's up to you. Your impressions, your ideals, your perspective. The old saying about the glass is half empty or half full. We say there is a beautiful glass and put in it as much as you want."
