From Part One

You are Becoming ONE Again

“We are grateful for the time you spend with us and we would like to first say thank you from us and from those among humanity who read these words channeled to you. You are an important part to get our messages out to the rest of the planet

Time is coming now soon and many changes will be upon all on Planet Earth. As these changes start to arrive, we ask that you keep yourself calm and balanced. Keep your emotions and mind in a calm space and do not let what you see or what you hear either from yourself or from others, affect you in such a way that you are pushed off balance. Keep your center core aligned with your higher self and keep your mind and focus on us, the ascended beings of light that are coming in mass to assist each and every one of you. We love you so dearly that we put you first in all our desires, wishes and our attention. We know that you do not do the same with us but we understand and we love you regardless. Nothing you could ever, ever do would change our eternal love for each one of you reading these words.

We are your family, your true, light family from the God source. We were all together when you were created and we will always be all together through all the different lifetimes, trials, tests and traumas that may occur and have occurred in the past. We hope you are feeling the power of our words; the power in the strength of our love for you.

We are happy to be of assistance whenever you call and we are anxiously awaiting calls from you constantly. We have much that we can offer you in the way of easing your pain, worry and troubles. Please let us offer this to you and you accept it. As time move

onward each day, so does the vibrational rise of Mother Earth and soon all will be experiencing different sensations within the body that were not experienced before and you will wonder what they are and from whence do they come. We say, your bodies are made of light, of energy and each change, each little escalation of vibrational energy is noticed by your bodies. It is sometimes noticed consciously and some time it is noticed unconsciously to you, but it is noticed. And it has and will change you in little subtle ways. Sometimes you will catch yourself thinking something that you would not have even considered before and wonder, why. Often you will eat something that you never eat and again you wonder why. And then some of you will say things that once you have spoken them, you will wonder, what that was about and where did it come from.

“All is coming from your higher self. Your higher self is coming through more and more as each little vibrational shift is felt in your light body. This is not something to be alarmed about. This is something to rejoice about. You are becoming one again. Back to your wholeness and perfection you had attained before the fall. We are happy to share this information with you today and ask that you read it over and over until you can sense a quickening inside your deepest heart, your spirit heart. You will sense it.

We love you and remind you that we are here for you always. We are ATON, Amun RA, ISIS, the Light Guardians of Planet Earth, the Oneness from ancient times and we are all Members of the White Brotherhood of Ascended Masters Understanding and Presence.”

You are the Masters of the Universe

We have said all this before over and over again and we will continue to say and send our messages of love to you for eternity because we will never tire of telling you that we love you, we are here for you, to call to us for help and that we have the ability to ease so much off of and away from your human way of thinking that you would be so totally in awe and live in complete bliss with our understanding of all things.

We fathom that you are of the mindset that things must only be applied in a certain way however we are aware of so many other ways to apply and achieve what your narrowly visioned mindset wants to achieve. You make things so hard on yourselves and we realize that this is part of why you chose to come to the earth plane in the first place. However, part of the original plan was for you to find your way back to the understanding and the realization that was so powerful which you left behind when you incarnated upon Mother Earth. Now that the planet is shifting so miraculously and the veil of illusion is thinning more and more each hour, as time is put in human thought framework, you are coming closer and closer to the alignment of your whole being and the veiled impressions are starting to lose their power over you.

We are working from our dimension to help you understand more and more clearly that there is so much more waiting for you. So much more that you have already created and completed and left behind waiting for you to discover again. You have everything you could ever possibly need already finished, created, waiting and gathering momentum as it waits for you. We have been very proud watching each one of our beloved brothers and sisters as you graduated from level to level of understanding within your consciousness

and your heart. We truly are very proud and are filled with so much love for you that it is impossible to describe in human terminology which would transfer the accurate emotion.

We send our information and impressions and feelings in thought form that is so powerful and instant which cannot be carried over into human words as beautifully or as quickly as we are intending our message to be. We are light energy, we are thought energy. We move, act and function with the speed of light. Thought speed is immeasurable for the range of human words and emotion that is currently understood. You will see soon as you become more and more your original light being forms again. With the movement of energies which is now being focused upon your planet, many are already understanding our messages on a much deeper level.

Everyone who reads our messages will receive the healing, loving energies which are imbued for you with our love. We work in many mysterious ways to assist you on this journey that each of you has chosen to take. You have chosen this journey because you are the strongest of the strong, wisest of the wise and have the truest hearts of all in the cosmic. You are the Masters of the Universe and we, the Ascended Masters in the Cosmic Realms are here ONLY to assist you. We are your co-workers, your agreed upon sidekicks, so to speak, your help mates upon which you can depend always and forever.”

Part 2: Understanding the Earth's Divine Feminine

Amun-RA Speaks about Egypt

"I am Amun-RA. We love Egypt as much as you do. It is all of our homeland, so to speak, for most of us in our realm who wished to be part of planet Earth's development. It is also the ancient homeland of many of who are in human form at this particular period. We are helping to restore the balance that the planet must have in order to raise itself into its higher dimension that it is preparing to do. All will be settled soon and as we have said in past discourses, soon to us can be twenty minutes or two hundred years, but soon, very soon. Please, please relax about all of this. Your job is to send love, healing, and blessed energy to the planet and to that area of unrest at this time. Your job is also to remember to call to us for assistance and to strengthen and magnify the positive energies and vibration you send out in a concentrated focused effort to help ease all involved in this situation.*

Remember, do not allow yourself to think any negative thoughts, any limiting, and blocking thoughts or allow any disturbing energies of overwhelming sadness overtake you. Call to us through your free will and allow us to hold your hand to ease away any thoughts that are not of the highest good for all. Energy and vibrations through thoughts, single and especially combined thoughts, are projected into the cosmic and become manifested matter. These thoughts, depending upon your thought ideals, will either help to heal the earth or be reflected back poorly upon you, the thought sender. We are all loving and have unconditional love for all upon this planet and in the many galaxies we are working with.

Every being upon the earth plane at this period is already a master of creation so the thoughts are extremely important. We cannot stress this enough.

For many, the veil is drawn so tightly that they are unaware of their master abilities and status but for many others they understand their powers and can instantly heal and manifest health,, wealth, and blessings even upon areas such as the upheaval that is going on in Egypt now. Combine your efforts, combine your strengths, combine your thoughts and only, only think loving, healing, easing, blessing and graceful thoughts when you hear of anything about this unrest. You have the power, even from all the way across the planet to help ease any situation that you set your mind to. We are depending on you. This is part of what your job is. Part of what we have been telling you all along in past Discourses and meditations. You are light workers. Only send light, love energy to the land and to others. We know you understand the importance of this message through the guidance and acceptance of your higher self. We love you and we will be with you to intensify your blessed, protected, vibrations and energies as you send healing to the planet.”
